

AAF Order Codes¹

AAF16V-DT-AC	16 channels with output to Data Translation DT3XX Series Card, Mains powered.
AAF16V-DT-DC	16 channels with output to Data Translation DT3XX Series Card, DC powered.
AAF16V-DT/B-AC	16 channels with BNC outputs and output to Data Translation DT3XX Series Card, Mains powered.
AAF16V-DT/B-DC	16 channels with BNC outputs and output to Data Translation DT3XX Series Card, DC powered.
AAF32V-DT-AC	32 channels with output to Data Translation DT3XX Series Card 32 channel, Mains powered.
AAF32V-DT-DC	32 channels with output to Data Translation DT3XX Series Card 32 channel, DC powered.
AAF32V-DT/B-AC	32 channels with BNC outputs and output to Data Translation DT3XX Series Card, Mains powered.
AAF32V-DT/B-DC	32 channels with BNC outputs and output to Data Translation DT3XX Series Card, DC powered.

Documentation and Software

*AIMANUAL	User Manual
*AAFSETUP	AAF-SETUP Software (DOS, Windows 95, 98, NT & above)

Power Supplies

*AAFSA45	External Power Supply Pack for DC versions
----------	--

Leads and Cables

*L-AC	Mains Power Cable
*L-DC	DC Power Cable for DC versions
*L-RS232	RS232 Serial Cable
L-68W16-2M	Output Cable to DT3XX Series Card (2m)
L-68W16-XX	Output Cable to DT3XX Series Card where XX is length in metres (e.g. 3M)
L-68W32-2M	Output Cable to DT3010 Series Card (2m)
L-68W32-XX	Output Cable to DT3XX Series Card, where XX is length in metres (e.g. 3M)
L-100IDC-1M	Output Cable to DT3XXX Series Card (1m)
L-HR151	Cable Harness with 16 BNC to BNC RG174 type plugs. 1.5m long, numbered 1-16
L-HR152	Cable Harness with 16 BNC to BNC RG174 type plugs. 1.5m long, numbered 17-32
L-HR301	Cable Harness with 16 BNC to BNC RG174 type plugs. 3m long, numbered 1-16
L-HR302	Cable Harness with 16 BNC to BNC RG174 type plugs. 3m long, numbered 17 - 32
L-HRXXY	Cable Harness with 16 BNC to BNC RG174 type plugs XX = length, Y = set of numbers, i. e. 1 =1-6, 2 =17-32, 3 =33-48 and 4 =49-64 e.g. L-HR454 = 4.5m long, numbered 49-64
